MERN Stack, Oct 2020 - Dec 2020

Live Project Link: PeaceVillage MERN Stack
It is a MERN Stack Project where I mainly used **MongoDB**, **React**, **NodeJS**, **Express**, **GraphQL** and **TypeScript** etc. I also used another design framework called Ant Design.

The main purpose of this project is to host and book property after paying to stripe. I used Google Geocoding API for searching property and Google OAuth 2 for authentication.
